BY ARTHUR ERISSANE

The earth is beautiful and its best
real estate corners are valuable
as in New York town \$300 a

At New York corner of Broad

COLONEL FRIEDMAN of New
York has just bought a little
house, by Verano, called "Allegory"
at New Testament, paying for it
\$100,000 a square foot. Therefore, if
a little boy shows no talent as a
future agent, make him a painter.

WALTER P. CHRYSLER, whose
schooling ought to insure his
success it would be difficult to re-
fuse him does first one thing then
another, without waiting between.

Now he is building a US story of
the building, in the middle of Man-
hattan to cost \$11,000,000. More
power to him and all that go up high
to the sky, giving architectural and
engineering a chance. More power
to a S. W. Sternman man of vision
and company funds \$5,000,000 on
the building.

MR. ROCKEFELLER turned out
plus business ability, and as he
is patient and economical, into
one of the world's great fortunes.

Now he turns that fortune into
something worth more than gold
and PUBLIC HEALTH AND
BUSINESS.

Rockefeller Institute an-
nounces a "conscience strain," giving
wonderful results in infantile
paralysis, blindness, science conquers
disease as knowledge conquers super-
stition.

THE British Viscountess Blyth
of Vim unlocked with a silver key
the doors of newly built four room
cottages. They cost \$750 each and
the rents then for \$1.10 a week.

Just to show that this is no time
to sell short, stocks and
bills in Wall Street had all sorts of
things yesterday.

Some stocks shot up \$30 a share
and others were heard to murmur.
"I shall wait until every stock on the
list passes \$200 before I ever sell
it again—and then I won't."

THE fact is that this is a PRO-
SPEROUS country, with all due
respect to the elements that call our
attention to a world that will
not allow you should never gain
if you are in both wrong and un-
lucky, you should be extra care
not to sell short.

WILLIAM Edward Hickman, who
after long delay, will pay
his life for kidnapping and mar-
riage of a little girl in California.
His conviction Hickman has
at the Catholic Church and press
have that brought his conviction
at him to the gallows. That
of him, but unless religion
prevails, it is Hickman that

THE worst of this Hickman incl-
ed next to the crime itself, is
that it encourages other
murders to feel that murder is
all but so dangerous and con-
flict of time.

FIND PILOT'S BODY IN WRECKED PLANE

Hopson Apparently Lost Way
in Fog and Storm, Gets
Off Course

Clarion, Pa., Oct. 19—The body of
William C. Hopson, New York to
Cleveland air mail pilot, was found
in the wreckage of his burned plane
near York, six miles southwest of
Franklin, Pa., at 7 a. m. today, ac-
cording to word received at the air-
port here.

The burned body, lying in the cock-
pit of the plane, was found by J. C.
Hayes, one of a party which set out
to search for him when the aviator ap-
parently lost his way in the fog and
storm early yesterday and flew off his
course.

According to information here a
large portion of the 1,000 pounds of
mail which Hopson carried was de-
stroyed by fire which caused Hopson's
death.

OUTSIDE LOOP Makes Difficult Stunt at Dayton Field

DAYTON, Oct. 19—Fred Lund,
test pilot for the Advance
Aircraft Co. of Troy, today was
being congratulated on being the
first commercial pilot to negotiate
an "outside loop"—an honor pre-
viously held by only Lieut. James
H. Doolittle, of Wright field and
Lieut. A. J. Williams, of the
United States navy.

Lund performed the remarkable
feat last night and then to cap
his achievement, nonchalantly ex-
ecuted a triple vertical roll on
other stunts, hazard.

LONE HOPE IS THAT AVIATOR WAS PICKED UP

Nothing Heard from Com-
mander MacDonald, Seen
Only Once by Ship

London, Oct. 19—Although more
than 70 hours have elapsed since Com-
mander H. C. MacDonald hoisted off
from Harbor Grace, N. F., in his
flaming, attempt to make a solo flight
across the Atlantic in a tiny 30 horse-
power Moth plane, his wife and many
of his friends here today still cling to
the foolish hope that he was forced
down at sea and picked up by a ship
carrying no wireless.

The miniature plane was slanted
out once since leaving its starting
point. The Dutch steamer Harkun-
burg reported sighting the plane about
12:30 a clock yesterday morning at a
position between 600 and 700 miles
north and east of Harbor Grace.

MacDonald had intended negotiating
the 2,000 miles to Glasgow field, En-
gland, in about 20 hours. Weather
conditions over almost the entire
route were reported as favorable and
it is in fact this is causing much
misgiving here. Even if he en-
countered adverse conditions, Mac-
Donald should have arrived at the
Irish coast yesterday afternoon.

Carroll 150 Gallons
The daring flyer carried approx-
imately 150 gallons of gasoline and had
expected to get about 20 miles out of
each gallon unless he met headwinds.
His plane was capable of 110 miles
an hour but he was expected to keep
to a speed of about 100 miles an hour.

The general feeling in aviation
circles today was that MacDonald's
failure to appear any where on this
side of the Atlantic was a sign that
he had gone the way of many other
hundred souls who had pitted their all
against the Atlantic last.

While praise of his daring and
courage was heard on all sides, many
made no attempt to hide the fact that
they thought MacDonald's attempt to
complete a flight in so much a plane,
with an open cockpit and no wireless,
was foolhardy.

All shipping along the coast he was
to have traversed has been asked to
be on the lookout for MacDonald's
plane. Because of the fact that he
was flying at night and at a low level
it is thought that he might have been
seen by the "moth" plane would make a
belated appearance.

EXPECT HIGH REGISTRATION IN CITY TODAY

More Than 3,000 To Qualify
as Voters, Reports
Indicate

ENDS SATURDAY

Will Provide Last Chance To
Get in Line for Nov. 6
Election

Indications were this morning that
more than 3,000 Marion voters would
visit the polls today to register for
the general election. Those who do
not get the polls today will be given
their last opportunity tomorrow to be
eligible to vote. Nov. 6 Poll
books will be closed Saturday.

All voting places in the city opened
at 8 o'clock this morning. They were
to remain open until 2 o'clock this
afternoon. Then after a rest of two
hours registration officials will return
at 4 o'clock and will remain at their
posts until 9 o'clock tonight. The
same hours will be observed Saturday.

When a check was made on poll
books at the end of the third day of
registration four years ago it was
found that 2,822 persons had regis-
tered on that day. Registration for
the first two days this year re-
sulted in less than 1,000 ahead of the
corresponding days four years ago.
Registration of 2,500 on the last day
four years ago placed the total city
poll at 12,500.

All voters in cities of over 15,000
are required to register this year, due
to the general election in November.

One hundred and thirty three
Marion county voters have made sure
that their votes will be counted,
those counted on the night of Nov. 6.
That many have cast or have made
application for absent voters ballots.
It was announced at election board
headquarters today.

All those who have registered and
will be absent from the city on Nov. 6
may cast absent voters' ballots in
all the day of the election. All ballots
must be in by that day.

Pittsford, Ind., Oct. 19—Dr. E. S.
Shumaker, superintendent of the
Indiana Anti-Saloon League, has been
unconditionally pardoned by Gov. Ed
Jackson. Shumaker, supervisor
of the Indiana state for a
number of years, had been sentenced to
a term of 10 to 15 years in the peni-
tentiary for a violation of the anti-
saloon law.

At that time Dr. Shumaker had not
yet reached the state farm.

Saloon League, married by automobile
from his residence here at 8 o'clock
this morning for the Indiana anti-
saloon law. He was sentenced to a
term of 10 to 15 years in the peni-
tentiary for a violation of the anti-
saloon law.

The noted dry leader had criticized
the high court as "out of record."

**Local Police Seek Trail
of Missing Home, Brew**

"HOME" and "Brew" are
among the missing, but in
this case the names do not have
the customary modern signifi-
cance.

"Home" and "Brew" are
brothers of the canine species
and go together even as do the
ingredients of "home brew,"
liquid producer of kicks and wal-
loping.

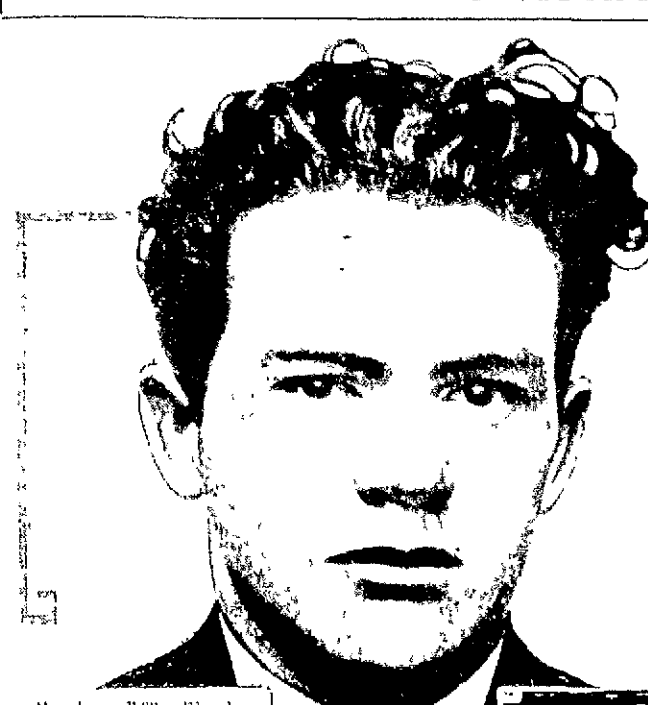

When Charles Stroud, 272
Lester st., went out to the back-
yard at his home yesterday
morning to feed Home and Brew
he found them gone, missing.
Disappeared Stroud insists that
they were stolen, for no matter
how far home brew may go in
the process of distribution Home
and Brew would never wander
from their own back yard.
Stroud taught them to be more

reliable.

Brew belongs to Charles
Stroud. He is grey with a black
tail and a black ring around his
neck. Home is the property of
Donald, brother of Charles. He
is brown with a white ring
around his neck. The tails of
both Home and Brew are cut
short.

Home and Brew are the
spring of a Brindle bull and Ger-
man police dog. They are two
months old. Brew weighs about
10 pounds and Home about eight.
"I'd rather that they'd stolen
my last suit of clothes than my
dog," Charles Stroud said in
making his report of the theft to
local police yesterday afternoon.
Immediately thereafter, he left to
search the bluffs and banks of
the Maumee for Home and Brew.

TWO PROJECTS BEFORE CITY COMMISSION

New Vernon Heights Addition
Submitted for
Approval

Application for permission to open
a new addition to Vernon Heights
subdivision and a petition for
change in the present zoning resolu-
tion in the north section of Marion
were made to the city planning com-
mission at its meeting last night.

George H. Knapp, representing the
Vernon Heights Realty Co., applied
for the new addition to the company's
subdivision. The new plot is located
entirely outside the present corpora-
tion limits of Marion. The city plan-
ning commission has jurisdiction over
property extending three miles be-
yond the city limits.

Went Street Extended
The city planning commission
agreed to accept the addition on the
condition that lot No. 13133 of the
Vernon Heights subdivision be
vacated to permit extension of Vir-
ginia as through the properties of
the Landscape Architecture Co.

Knapp will report this provision to
the directors of the Vernon Heights
Realty Co. and if agreeable to them
the lot will be vacated for a period
of five years. The Landscape Archi-
tecture Co. will then have time to
plant its lands and provide for the ex-
tension of Virginia.

The city commission will present
the plan to the officials of the Land-
scape Architecture Co. for their ap-
proval.

Kenneth Robinson, local attorney,
representing property owners in the
section bounded by Main, George,
Prospect and Franklin, etc., presented
a petition requesting that property in
that district be removed from a res-
idential to a commercial zone.

Ideal Football Weather Forecast By Weatherman For State-Michigan Game

"Fair, Little Cooler, with Light Northerly Winds," In Predic-
tion; Overflow Rates Prevail at Hotels; Pre-War
Stuff Selling at \$10 Pint

Columbus, Oct. 19—With football
parade eagerly awaiting weather
reports, W. H. Alexander, director of
the U. S. weather bureau here today
forecasted that the weather for the
game would be fair and light winds
for tomorrow's traditional clash be-
tween Ohio State university and
Michigan with the confident assertion
that "first" conditions will prevail
with all fans thus in retreat far
beyond the horizon.

"Fair, a little cooler with light
northerly winds," was the weather
man's forecast.

Almost unanimous—a midnight
barbecue show, opening tonight, to
break in the fans before the game and
to induce their joy or despair their
morrows after it, for the show will run
both tonight and tomorrow night at
midnight.

Crowd—Estimated will be at least
80,000 thrill tingling, whooping Ohio
and Michigan fans, packing the ven-
ue to the rafters—or where the
rafters should be.

Conches—Ted Wileman in charge of
his "infant prodigies" from Michigan
and Coach Dr. J. W. Wileman today
ministering to his "bravest" young
blacks from "State."

One guard adjusted a strap around
Hickman's feet. His hands already
had been strapped at his sides, giving
him a stiff and grotesquely formal
appearance.

He raised his right hand. It was
the signal for the three men in the
bile box to open one side of the
gallows. He raised his left hand
when three men moved to
climb at the three knoll prison cage,
one of which connected with a heavy
iron ball which in turn released the
trap through which Hickman's body
slid to death.

Night Life, Gin and Loss of Sleep Threatening Health of Modern Girls

U. S. Public Service Shows That Terrific Pace of Society and Business Causes Slight Increase in Tuberculosis Rate Among Women; Dress More Sanely

Washington, Oct. 19—Night clubs, prohibition gin, loss of sleep from excessive business, social demands and other burnings of the candle at both ends to meet the obligations of "America 1934" are threatening the health of modern girls, it was disclosed today by the U. S. Public Health Service.

Research by experts showed that keeping up with the terrific pace of modern society and business life is causing a slight increase in the tuberculosis rate among young women.

A warning was issued to flappers and other varieties of the feminine tribe to apply the brake to their social, school and business activities—to take plenty of time to eat and sleep—to wear enough clothes—or face physical and nervous breakdown.

Answer in Health
Six glasses of water—not gin—three square meals a day at regular intervals, eight hours of sleep and enough clothing to keep warm—that is the answer to good health, according to the public health experts.

"Thrills and excitement of fast right life, wild parties, allurements of business activity, the drive for supremacy in school life and many other abnormalities keep the body and mind functioning—temporarily

American Indian Comes Into Own; Gets Campaign Data in Language

NEW YORK, Oct. 10.—More than 200 years after the coming of the paleface the American Indian today for the first time has campaign material

The only political document in American history in the Sioux language is being circulated by the A. I. Smith campaign managers among the tribes of the Pine Ridge and Rosebud reservations of South Dakota.

South Dakota lost an Indian population of 27,000. The state went to President Coolidge in the 1921 election by only 55,000. The Democratic drive for the Red man's vote is conducted in the native tongue because only

BUILD FOR FUTURE, FLETCHER ADVISES

Training of Youth Is Hope of
Nation, Congressman
Tells Kiwanians

"We can't make the United States great by making laws. We can do that only by building people who will obey the law," stated Thomas Joseph Fletcher, candidate for reelection to congress, when he spoke before the Marion Kiwanis club at its meeting in the Hotel Harding yesterday.

"Find out what the coming generation is thinking about and you will then know what the nation will become," Fletcher continued.

Data obtained from a questionnaire of school children was offered by Fletcher as evidence to support his assertion that men must become social minded, must think in terms of social value in order to build a youth that will build the nation. "Farm children are thinking of leaving agricultural environment and going to industrial environment. Thus they will increase the congestion in the great cities already crowded with unemployed," Fletcher stated as one of the findings of the survey.

Politics are not responsible for unemployment, according to Fletcher. Lack of vocational training in youth is the greatest factor in enlisting new recruits in the army of the unemployed, he said.

Children are growing up with the idea that politics are crooked and that all politicians are gentlemen, Fletcher said. As a result, when they become full-fledged citizens, they do not vote.

Politicians must be honest in order to lead the youth of the land, he stated.

Congressman John B. Harkin of Mississippi was also a guest of the local Kiwanis club at the luncheon yesterday.

Some one handed me a letter, he

The one was gone already, he could

He was young, he seemed amused
he wore linen knicker and a gayly

He might well have been a guest on
Blake's boat. He evidently was not

The point is that this is no part

 you can't take the last track when the
 ace of trumps is out against you?
 "Yes," said Jim. "That's a good
 thing to remember. I won't forget it.
 You've played the king—"
 "Go ahead and think so if it makes
 you feel any better!" I needn't tell you
 this thing is not the slightest intention
 of doing you any harm.
 "What for the assurance?" said
 Jim dryly.
 "You're welcome!" My names Breece
 by the way—we're likely to see quite
 a bit of one another the next few
 days.
 "I hope not," said Jim.
 "Mr. Breece—let's be serious for a moment.
 I don't hold you responsible for any
 thing except playing well naturally,
 seems to me to be a poor joke.
 "I'm sorry," said Breece, "showing a
 weak heart beat again. I think
 it's a damned good idea myself.
 "I do," doubt that you do," said
 Jim patiently. "I could make a very
 bit track don't you know.
 Jim nodded.
 "That's about what I thought," he
 said. "Mr. Breece—you seem to be
 all right. You've been played for in the
 sucker by a man you cut in the
 first if you knew the truth about
 him."
 "Oh, I say—hold on!" said Breece.
 "You—you're talking about a rhaps

 "I can't help that," said Jim. "It's
 true, and sooner or later you'll know
 it—I—well, I suppose it's no use ask-

 Jim nodded.
 "Right," he said. "That's the way
 I supposed it was. Well—can you

 who planned this—well, we'll call
 it a joke? Make it possible for me
 to talk to him while you listen? I'll

"Blake's? Blake's," said Bryce, innocently. "What's Blake's?"
"Think you know," said Jim sternly.
Well and I think we'll have no names," said Bryce. "Except yours and mine. Might be embarrassing later."
Quite said Jim. "Mr Bryce as I say for what's happened I bear no particular malice. I've no idea of trying to cause any trouble for you—"
provided the joke isn't too far from the mark," said Bryce, "I'll be in town early tomorrow morning."
"Tchh—tchh—tchh," said Bryce. "Old man that's too bad! It can't be worse."
"I won't decide that too hastily," said Jim. "Sooner or later I'm going to get away and be free. And it's not going to be very difficult for me to prove my statement of the treatment I received."
"I guarantee that you'll have all your doubts of the true situation removed within five minutes," said Bryce, looking good, but not happy.
"Sounds fair enough," he said. "I'll do it," he said. "I've no way to get in touch with him."
I see said Jim. He felt that Bryce was telling the truth. "All right—nothing for me to do but let you go."
"I say—you're a good sport, Mr. Blake," said Bryce. "That's the way to take it." Look here—how about giving me your word not to try any other get-ups?"
"I'll give you the word of that," said Jim. "Let's keep it sporting. I don't mind telling you I don't see that it will make much difference. I'm no Glenn's swimmer."
"I'll give you the difference—I'll take your simple word for it," said Bryce.
It was Jim's turn to shake his head.

HOW TO FIGHT EXCESS FAT

These are hard wars, like starvation
that fewer and fewer employ them. There
is a "least war" method and scientific
which combats the cause. A vast num-
ber of people now use it. And the slender
figures now seen everywhere are large,
due to that.

If a method is embodied in Marmol
and its tablets, you have a way
of them for 20 years, millions of cases of
them. And everybody, in almost every
circle, sees the change. New beauty, new
health, new vitality.

Each box of Marmol contains the
formula, also the scientific reasons for
results. So users have no fear of being
deceived. Learn the facts about Marmol, because
of the good it has done. Ask your doctor
for a box for \$1.00 with your book.
It is mailed.

KILL MICE

THIS NEW *Easy* WAY!

DRIVES MICE TO THE OPEN TO DIE

HERE IS an entirely new way to rid your house of mice. So easy, you will wonder why someone hasn't thought of it before. So effective, you'll wish you'd been able to get it long ago.

NOW all you need do is to scatter a few grains of the new ZELIO WHEAT right from the handy package, wherever mice tracks are seen—and the destructive little pests will soon disappear.

SOUNDS so simple—after years of fussing around with clumsy traps and mixing messy baits—you almost wonder if it will work. It WILL—and QUICKLY, too.

HERE IS the reason. ZELIO WHEAT is made from the natural food of mice—grain. This grain has been treated with a wonderful new chemical, which makes the little kernels even more attractive to mice, but at the same time means sure death to them. Mice need eat but a grain or two of ZELIO WHEAT, then they scamper readily to the open for air, and there they die—not in your walls.

UNTIL you have used ZELIO WHEAT, you will never know how easily and quickly you can rid your house of mice. Cold weather will soon drive mice in from the fields. Be prepared—order your package of ZELIO WHEAT to day.

ZELIO WHEAT comes in the neat, blue and yellow package with the handy pouring spout. Ask for it by name.

For Rats Use ZELIO PASTE

ZELIO WHEAT is intended *only for mice*. For rats, use ZELIO PASTE—just as deadly to rats as ZELIO WHEAT is to mice.

STATE READY FOR WOLVERINES

UHLJELI, KRUSKAMP
TO BE ON SIDELINES
WHEN GAME STARTS

Light Practice Will Complete
Buckeye Workouts for
Game

COLUMBUS, Oct. 19.—Geldora warriors of Ohio State university were slated to finish the light work of practice before an important game in the history of the Buckeye university, this afternoon with short workout preliminary to the clash with the Wolverine aggregation of the University of Michigan Saturday.

Rain drenching on the practice field at the training period nearly every night this week halted the five workout plans formulated by Coach Jack Wilho Ohio State main track coach. Only one real scrimmage was held during the week that one coming on Wednesday night against the freshmen squad and played in a sea of mud and rocky turf.

Another scrimmage session was attempted against the freshmen last night but no head was in the matter of improving efficiency and defensive tactics was taken into consideration of the practice field. All of the Buckeye regulars, however, including the Uhljeli, Kruskamp, Howard, Kries, and Harold Kries, camp fullback who have been on the carry crumple list were in uniform during the practice yesterday.

Practice Sidelined
Although the training session this week have been in secret and included many lectures there is no indication of overconfidence on the part of the varsity team, according to reports coming from Ohio State coaches.

The invading Michigan squad which has undergone two defeats already this season, arrived in Columbus early this morning and were slated to take a light workout on the stadium field this afternoon.

Due to minor injuries which are according to reports affect the efficiency of several of the first string men, will make the starting lineup of the Buckeye squad doubtful until shortly before the game Saturday.

A "conservative" tentative lineup which will be subject to changes was given out following the practice yesterday.

The lineup includes Pedor and Barina at ends; Hunkow and Yarkus at tackles; Young and Sullivan at guards; Burnett at center; Holman at quarterback; The and Coffey at halfbacks; and McClure at fullback. It is not likely, reports reveal that Kruskamp or Uhljeli will start the Michigan contest.

Expect 27,000 at Game
Trustowski a 100 pointer will probably face Suter at end in the Michigan lineup. Pommerink will play against Lacheta and Chaglin is matched against Young. These three Michiganers compose the heaviest line of the line and they will incline to Ohio's strongest side.

The remainder of the traveling team will likely include Howard at center; Suter at guard; Williams at tackle; Dravelling at end; and Captain Rich, Whittle, Fenske and Gamble on the backfield.

Officials of the university are expecting upwards of 27,000 persons to witness the clash. Temporary bleachers have been erected at the south end of the track and temporary boxes have been set up around the field.

Big Ten Teams Face Hard Games

INDIANA-ILLINOIS IS BIG CONTEST OF 4 GAMES SCHEDULED

State Should Win Easily Over Michigan Eleven

AGO Oct 19—They dragged the prayer rugs in midwest camps today as Big Ten teams prepared for the clashes with their little pots of football. The final seventh ending in Saturday's games were re- of do or die character idea for hitherto untested will tell winking of title

1927 champion plays in North, in battles Ohio, Wis. has with Purdue and Min. the only University of Iowa takes on a brother Wisconsin and North Wildcat will play in the "wildcats" of Iowa. The purple and gold of the conference events

Watching Indiana the most important Big Ten game tomorrow is the Indiana game at Champaign, Urbana. Bob Zupple's squad making a game against the Cornhuskers, highly touted eleven which lost Michigan last Saturday. It has a stronger line than the Orange and Blue with Zupple's marvelous back should triumph in a bitter

meeting Wisconsin winners or Notre Dame early this season. It faces a powerful heavy eleven at the Minnesota machine crushed the Badgers last Saturday. South Plaines eleven hardly expected to make a line showing, against the Gopher unless they are able to attack after ships at home then around to Columbus the Ohio team is expected to score a victory over Northwestern last week, and should score a victory over a team which has shown little of a former class this fall

Chicago Crippled Coach A. A. Stagg is taking a trip eleven to play Doc Speers' scoring machine at Minnesota. The Gophers should win in a

Notre Dame and Georgia Tech will be an outstanding little of the at Atlanta and another inter- of interest will bring the St. Francis and Nebraska at Lincoln

Indiana Illinois Wisconsin and Michigan are all undefeated squads. Saturday's sunset will witness the elimination of two of these teams or at least put them in a tie for conference honor. Michigan and Iowa appear to be the leading choices for victory to a row with Illinois second in fact. Wisconsin is a good third

DAYTON—Target Brown and best Detroit. This has been the plan of the University of Dayton since the week and will continue as the battle is next week. The Dayton squad is idle tomorrow, while the reserve team goes to Delaware to see what they can do against Ohio Wesleyan reserves. The affair with the Detroit Titans will be played next Saturday in Dayton's stadium, as the homecoming event of the season

BOWLING GREEN—One of the most important games in the North west conference will take place this afternoon when Bowling Green will go to Toledo to resume football relations with Toledo. Toledo won the title last year, and hopes to repeat, but Bowling Green being second last year, is after the business this time. The Falcons claim to have the best team in years, but on the other hand Toledo's rocks are not to be placed so low. The one thing that bothers Coach Pettoff is the loss of Kazmar Duin and Schlemmer because of injuries. I can bet their money that this game will be fast exciting and chuck full of thrills

ATHENS—Ohio university will entertain the University of Cincinnati here tomorrow in its annual homecoming celebration. In the second Buckeye association contest for the year, Coach Don Peden is worried though and seems to be having difficulty in picking out the probable lineup with many of the squad on the hospital list and unable to play in tomorrow's tangle with the Bearcats. The Bobcats have a fighting, battling aggregation however, and the addition of Jerry Warshawer a halfback to the squad the Athenians have taken new hope

ASHLAND—Ashland college grid dars left today for Luboutown Pa. where they will meet the Juniata Indians tomorrow for the Brethren church championship. The Purple will be without the services of Ray Novotny, who left a week last week to run wild against Wilmington and has suffered a relapse. He will accompany the team but will not be

NEW N. B. A. HEAD ADVOCATES RATING OF ALL CONTENDERS

Would Compel Fighters To Defend Titles Every Six Months

CHICAGO Oct 19—Class fiction and death of contenders in all divisions of pugilism is the paramount proposal in the adult's tradition of Paul Prens new president of the National Boxing association it was learned today

Pren chairman of the Illinois committee who was chosen national executive this week has compiled several recommendations from the rules committee and is dispatching them to each of the 25 affiliated states. The proposal regarding the rating of contenders calls for each state to submit a list of 10 boxes whom it rates in order as the ranking challenges to the various titles. Composite ratings would then establish a nationally accepted group in each division and champions would be compelled to defend their titles against one of their challengers at six months intervals

Competition involving champions is the life of boxing. President Pren said today in speaking of the rating proposal and this system would enable the National Boxing association to obtain its objective

Champions should defend their honors at least once in every six months and we intend to make it necessary that they do not they lay themselves open to dismissal. Pren declared

Uniformity to rules regarding technical matters such as minimum number of bouts in which contenders for bouts may be filed with the respective state commissions and in which wind up principles must report in the city is also sought. This is desired to prevent misunderstanding among boxers having bouts in many states

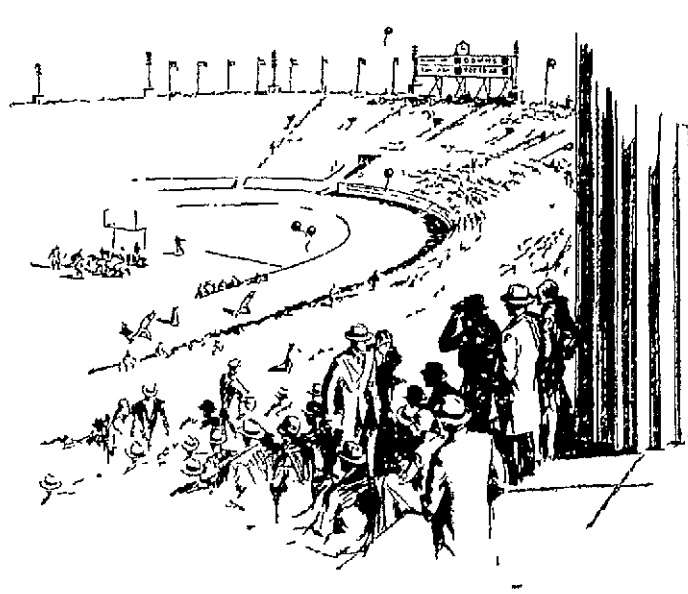

Two other proposals of note are included in the recommendations of President Pren. One asks that all relatives of losers be prohibited to act as seconds during a bout. The

O. S. U. Students Fill Jobs of Many Varieties

Marion Star Bureau
Ohio State University
COLUMBUS, Oct. 19—Voca-
tions of many varieties are
followed this year by students at
Ohio State university, who are
attempting to earn their educa-
tional expenses by the sweat of their
brow. A majority of the hundreds of
students, both men and women,
who find it necessary to turn
their spare hours into money at
Ohio State, according to Y. M.
C. A. and Y. W. C. A. officials
who aid them in landing posi-
tions, have no individual prefer-
ences as to the work they will do
in their spare hours. In paying for
their university expenses.

Part time working students
this year are mainly employed as
table waiters and waitresses,
while scores of other more lucky
individuals have fallen into office
positions where the white collar
is required daily.

Lacing canvas to make day
bags for children in a nursery
school is nothing to be sneezed
at when money is in demand,
the working pupils declare. Tak-
ing care of the babies is neither
a delightful pastime, but they do
it—how!

A student employment agent at
the university has recently stated
that never before in the history

of the college has there been such
a wide variety of employments
as those being held this year.
Chauffeurs, waiters, typists all
find their way into the background in the
face of such activity as picking
apples, reading cash registers,
butchering pigs for a Columbus
meat packer, cleaning apples in a
canning factory, to say nothing
of being guardian of a dog in a
quiet stroll down the street.

*There's a Difference
in Bread*

Grandma knows what's good for little folks! **HOLSUM Bread**—a big, fresh slice of it—liberally spread with jam, is her cure for that between-meals starved feeling. She knows that **HOLSUM** is both good to eat and good for them.

Made with liberal quantities of pure milk and other ingredients of similar quality, **HOLSUM** is essentially a food value loaf. It provides hearty nourishment for everyone. And besides, it's so fine in flavor and so tempting in appearance that you'll surely enjoy it.

It's fresh, too—deliciously so—for it's hurried to your grocer just after it leaves the ovens, twice every day.

**So—don't say bread—say
HOLSUM**
